

memor

The Datalogic Memor™ packs unparalleled functionality into a pocket-sized mobile computer. Microsoft Windows operation system, integrated laser scanner, and wireless communications are all inside a lightweight and robust package. Memor™ is the right answer for retail and light industrial applications.

- Ergonomic design
- 4 Ft. (1.4) m drop resistance
- QVGA color display & touch screen
- Microsoft Windows CE 5.0
- Laser barcode scanner
- IP54 protection class
- Intel PXA microprocessor
- User accessible SD memory slot
- Bluetooth® or IEEE 802.11b/g with CCX V4

pegaso™

The Datalogic Pegaso™ combines wireless connectivity, ruggedness, and ergonomic design in a compact PDA that is the perfect solution for retail, logistics, field force automation, and inventory management applications. Pegaso has a bright transreflective display with high resolution that makes it easy to read indoors or outdoors. The Intel processor has plenty of computing power for applications requiring graphics or video.

- Ergonomic design
- 5 Ft. (1.5M) drop to concrete resistance
- Color display with integrated touch screen
- Full VGA with selectable ¼ VGA mode
- Microsoft Windows CE 5.0
- Laser bar code scanner
- IP64 sealing
- Intel PXA 520 MHz microprocessor
- USB On-The-Go with 500mA available power
- SDIO port located on top face for easy access
- Bluetooth® and 802.11b/g WiFi
- Cisco CCX V4 certified

skorpio

Datalogic Skorpio is a rugged mobile computer designed to meet the needs of retail applications. Tough enough to be used on the retail floor or the stock room, Skorpio is compact, lightweight, rugged and reliable. Datalogic patented Green Spot feedback technology is coupled with a high performance laser to maximize scanning efficiency. Green Spot feedback technology projects a green dot directly on the barcode with each positive read.

- Ergonomic design
- 5 Ft. (1.5M) drop to concrete resistance
- Color display with touch screen
- Microsoft Windows CE 5.0
- Laser bar code scanner
- Datalogic patented Green Spot laser
- IP 64 sealing
- Intel PXA 520 MHz microprocessor
- Bluetooth® and WiFi 802.11b/g
- Cisco CCX V4 certified
- 38-key alphanumeric keypad

falcon

The Datalogic Falcon™ is the industry leader in ergonomics and user acceptance for retail and warehouse applications. Multiple operating systems: Windows Mobile, Windows CE; multiple data capture options: Standard Laser, Long Range, Advanced Long Range, 2D and High Density 2D; and multiple keypad options provide the flexibility to create the right solution for any mobile computer application.

- Ergonomic design
- 5 Ft. (1.5M) drop to concrete resistance
- QVGA color display with touch screen
- Microsoft Windows CE 5.0 or Mobile 5.0
- Laser, Imager, & Long Range scanning
- IP54 sealing
- Intel PXA microprocessor
- Bluetooth® and WiFi 802.11b/g
- Cisco CCX V4 certified
- Multiple Keypad Options

kyman™

Datalogic Kyman™ is the New Leader in Rugged Mobile Computing. Kyman is designed to survive demanding environments with ergonomics that reduce operator fatigue. A sturdy outer case with overmold protection ensures reliability and robustness. With IP64 sealing, Kyman resists harsh environments, multiple drops, strong shocks, and sub-zero temperatures. A detachable handle provides maximum flexibility switching between hand-held and pistol grip operation.

- Ergonomic design
- 6 Ft. (1.8M) drop to concrete resistance
- QVGA display with touch screen
- Microsoft Windows CE 5.0
- Windows Mobile 6.0 Ready
- Extensive data capture options: Laser, Green Spot, LORAX, Imager, HF RFID
- IP64 sealing
- Intel PXA270 @ 520MHz microprocessor
- Bluetooth and 802.11b/g WiFi
- Cisco CCX V4 certified
- Backlit keypad,
- 53 full alphanumeric or 36 numeric keypads
- User accessible mini-SD and SIM slots
